LOCAL BRIEFS.—

Col. John U. Kirkland, of Orange, was in the city yesterday.

Long forage can be obtained of W. C. Stronach, Fayetteville street.

Ralph Garrett, Esq, of Greensboro, is in the city attending the Supreme Court.

The Grand Lodge of the I. O. O. F. of this State, meet in this city on the 17th of May.

Up to 6 P. M. yesterday not a sinner had been brought in the august presence of the Mayor.

The Board of City Commissioners held their regular monthly meeting on Wednesday evening.

If New Hampshire was a mother, she doubtless would bend her Senator over her knee and *Pat-her-son*.

In whist, it is said by Raleigh players, that the longest *Pole* gets the persimmons.

(Query:—Is this a reference to Pole on Whist? Pr. Dev.)

By a reference to the proceedings it will be seen that the House has adopted the concurrent resolution to adjourn on the 3d prox.

A hop is to come off at the National on Friday evening. These are most enjoyable affairs, and are always largely attended, despite wind or weather.

Cicero W. Harris, the gentlemanly and talented editor of the Wilmington *Star*, reached this city last evening. We were pleased to see him looking so well.

Colonel Lindsay, the efficient member of the House of Representatives from Nash county, is again in his seat, after a severe indisposition of two week's duration.

Messrs. W. H. & R. S. Tucker & Co., have an attractive advertisement in today's issue. They are liberal and experienced merchants, and do exactly what they say. County merchants will do well to call on them.

John Farley, the cooper at the North Carolina Brewery, at Ridgeway, lost one of his fingers a few days since in attempting to move one of the several large vats now being placed in Mr. Peters' establishment.

The Senate yesterday passed a sweeping prohibition liquor bill, embracing the many petitions that have come up praying the prophibiting the sale of ardent spirits within given distances of various churches, school houses and fair grounds. We will publish the bill when it shall have passed the House.

FROM SAMPSON COUNTY—PROBABLE HOMICIDE—FRESHETS.—We learn from Maj. H. M. Miller, Deputy U. S. Marshal, who has just returned to this city from the East, that on Friday last, in Sampson county, William Henry Gainey, shot and seriously wounded, Henry Godwin, a witness against him in the Federal Court, and it is thought that Godwin will die.

The weapon used was a double barreled shot gun. The first load took effect in the face, neck and breast, and as Godwin turned his back to get out of the way, Gainey fired again, the second discharge lodging in the back of the head and shoulders. Dr. Monk, who was called in to examine the wounds, pronounces Godwin's situation very critical. Major Miller did not give us any particulars of the origin of the difficulty.

The recent rains in Sampson have flooded the streams in that county to such an extent that travelers meet with much trouble and difficulty in getting along; farming operations are entirely suspended, and no plowing can be done for sometime.

MAJOR F. H. CAMERON.—We were please to greet this gentleman yesterday. The Major comes to locate among us permanently, and a valuable acquisition he is to our community. He will devote his energies to putting into operation the North Carolina Life Insurance Company, recently organized in this city, and of which he is the Vice President, and has the immediate supervision of its workings. The stockholders and directors of this Company are from various sections of the State, and are composed of gentlemen of well know integrity. It is emphatically a State institution and enterprise, and as such should be fostered and patronized by all who have any State pride. We congratulate the Company upon securing the services of so competent a gentleman as Major Cameron as their General Manager. We regard his selection as a harbinger of success for the Company.

SAD.—Woodson in consequence of said proceedings.

HAW RIVER WATER POWER.—The last Hillsboro *Recorder* thus alludes to the water power of Haw River:

"No stream in North Carolina can compare with Haw River in the many advantages it has over others of greater size and capacity. It can show no such concentration of power as is exhibited by the Roanoke at Weldon. Its falls may be lower than those of the High Shoals on the Catawba. But in the number, and frequency of its mill sites, it is without a rival. From Haywood at its mouth, to Wentworth in Rockingham county, it is a manufactoring stream. It has twenty mill sites in sixty miles, all of them with abundant power, and very few utilized. There is only one cotton factory on the river below the North Carolina Rail Road. That has belonged to Newlin, & Sons, and has been worked uninterruptedly for more than 30 years, such a thing as stoppage by failure of water being unknown. Above the bridge on the Rail Road, three sites are occupied, one by T. M. Holt, immediately at the bridge, and another by E. M. Holt & Sons, another at Big Falls, all as cotton factories; of the other numerous sites, some are occupied by small grain mills, others unused. Looking at the idle capital at the North seeking investment, it would appear no better choice could be made than the waters of Haw river. In the first place, the water power at each of the twenty or more points suitable for use, is sufficient to run from 30,000 to 50,000 spindles at each, and it has been proven by experience that the power is unfailing, because it is under such control, that the whole of it can be applied. In the second place, it is within easy reach of the raw material, either by the Chatham Railroad for points towards the mouth of the river, and by the N. C. R. R. for points higher up. Above the railroad bridge, the railroad and the river run nearly parallel, at a distance no where exceeding seven miles. In the third place, the soil is fertile, producing all the cereals in abundance, and the finest of fruits, making the cost of living infinitely lower than it can possibly be in any of the northern manufacturing towns. Labor also would be abundant and cheap, as is proved by the experience of the present manufacturers. In the fourth place, the climate is eminently pleasant and healthy, the winters of short duration as compared with those of the North, and the summers not so subject to those extreme periods of heat, which mark a northern climate.

"These four points are incontestible. They are not stated to color a picture, or delude by misrepresentation to entrap the unwary. They are unexaggerated facts.

"What region, then, so attractive to capital, as one that furnishes an abundant accessible power, a near vicinity to the raw material, the fertility of soil, and consequent cheapness of living, and the healthfulness of a climate, absolutely free from malaria, or local causes of disease.

"These things have not been sufficiently well known, and most of our own people are ignorant of them. We confess to a want of accuracy, which however we are seeking to supply."

INTELLECTUAL ENTERTAINMENT.—Raleigh has been favored this winter with but few entertainments of any character. As a general thing the theatrical concerns that travel through the South are catch-penny affairs, and the time and money spent in witnessing their exhibitions are worse than wasted.

It may be that the meagre patronage extended to such travelling companies has been the means of keeping away from our city more meritorious performances.

We think the charge that the people of Raleigh will not patronize entertainments of character and merit is unfounded. We remember how Metropolitan Hall was crowded to its utmost capacity when Ole Bull gave one of his inimitable concerts here.

We believe our people have as much appreciation of genuine merit as those of any city of the size of Raleigh, and we doubt not would patronize liberally and enjoy keenly intellectual and moral entertainments.

Before the winter is over, we think there should be some effort made by our citizens to have some lectures delivered by distinguished speakers, and to inaugurate the movement, we suggest that Capt. JAMES BARRON HOPE, Editor of the Norfolk *Virginian*, be invited to deliver his lecture on the "PRESS and THE PRINTER'S DEVIL."

Capt. Hope is well known as a Poet of a high order of merit, is a fine speaker and eloquent writer, and a high-toned gentleman. He is now in Norfolk, and if our citizens desire a rich intellectual treat, perhaps Capt. Hope can be induced to favor them with his popular and interesting lecture, which has become quite famous in Virgina.

WE SAID SO.—Our readers will bear us out in the assertion that the following statement of Prof. Agassiz is just what we have been urging upon their attention for months. We always knew it was so—and besides, it is so satisfying, so comforting to the wearied spirit. The reason of the thing is —— but we will not longer withhold the gratifying information, which we clip from an exchange:

"Prof. Agassiz says that 'trilobities are not any more closely related to the phyllopodes than to any other entomostracæ, or to the isopod?'"

SERIOUS RAILROAD ACCIDENT.—We learn that on Tuesday evening on the Charlotte, Columbia & Augusta Railroad, the paymasters' car, containing that officer, his wife and children and several friends, collided with a train, injuring a number of the party. We learn that the paymasters' arm was broken and that his wife and a couple of his children sustained hurts, the exact nature of which we are not informed. Our information as to this affair is very meagre, as can be seen from the above, but we hope to ascertain the full particulars and lay them before our readers in the next issue.

THE PROPOSED NEW FAIR GROUNDS. On Thursday night last a meeting of the citizens of Raleigh and others was held in Metropolitan Hall for the purpose of putting in motion the ball by which a sufficient amount of money was to be raised to erect the buildings proposed to be placed upon the Fair Grounds of the State Agricultural Society. The plan of these buildings was then exhibited, and we are justified in saying that if the designs can be carried out by the Building Committee the grounds will prove an ornament to the State and reflect great credit upon the Society. Raleigh should feel a peculiar interest in the success of the Society, and we were glad to see some of our leading citizens putting down amounts towards the attainment of the object that evidenced their intention to push the matter through. A committee of citizens were appointed to wait upon the business men of Raleigh to solicit contributions, and we hope they are making good headway. Let every one lend a helping hand.

There will be another meeting of the citizens on the first Thursday night in next month, when final steps will be taken concerning the character of the buildings to be erected. The people of Raleigh must then decide whether they will have Fair Grounds that they will not be ashamed of. Let every one consider himself as personally appealed to in this matter. The Executive Committee are willing to bend every nerve in the matter if they are properly supported.

SUPREME COURT.—Court convened yesterday morning at 10 o'clock. All the Judges on the bench. The following cases argued:

John H Powell, administrator, vs Wilmington & Weldon R. R. Company, Wayne. Smith & Strong and W T Faircloth for plaintiff and Moore & Gatling and W T Dortch for defendants.

State vs Henry Jones, Craven. Attorney General for State and J H Haughton for defendant.

W H Winstead *et al.*, vs W T Bowman *et al.*, Guilford. S M Scott and W A Graham for plaintiffs and Dillard, Gilmer & Smith and Smith & Strong for dendants.

John McCulloch vs James W Drake *et al.*, Guilford. Dillard, Gilmer & Smith and Bull & Keoh for plaintiffs and S M Scott and Scales & Scales for defendants.

The following cases were continued:

B M Isler vs H M Dewey *et al.*, Wayne. S W Isler for plaintiff and Smith & Strong for defendants.

Daniel Cogdell, assignee, vs W J Exum, Wayne. W T Faircloth and F & G Granger for plaintiff and Smith & Strong for defendants.

Mary E Davis *et al.*, vs Joshua Parker, Wayne. Smith & Strong for plainsiffs, no counsel for defendants.

The Court adjourned to meet again at 10 A. M., this morning.

THE RAM THAT BUTTED.—The Danbury (Ct.) *News*, from which paper we have had occasion to copy before, gets off the following good thing:

"A retired clergyman sends us an account of a little affair that happened in his place. It appears that there was a young woman, a fine-spirited girl, engaged at a wash-tub opposite an open door. Just behind her was a young man, as is generally the case, and in the yard was an old buck that was allowed the freedom of the premises, which is not always the case, we are glad to say. Well, this buck came up to the door, and looked in, and the young man going close behind the young woman, pointed his finger straight at the buck, and the old fellow recognizing at once the pressing character of this mute invitation, put down his head and dashed forward, and the miserable fellow stepped to one side and fled, and the young woman all unconscious of the arrangement, received the awful shock without warning, and passed over the tub, and the air for an instant appeared to be full of slippers, and wet clothes, and soap, and hot water, and suds. And the next minute that goat came flying out of that door at a dreadful speed, bald the whole length of his spine, and with a wild look in his eye. And for an hour afterwards he stood back of the barn scratching his chin, and trying to recall all the circumstances in the unfortunate affair."

A GOOD PRICE—REAL ESTATE IN WAKE.—We understand that General William R. Cox, of this city, has recently sold the J. D. Powell plantation on Neuse river, in this county, for $17 per acre. This speaks well for the value of real estate in Wake county, and is equal to Edgecombe prices.

RECOVERED.—We are glad to see the indefatigable Representative from Anson, Colonel Bennett, in his seat again.

UNGRAMATICAL NAME.—The polite waiter of the Raleigh Club: Ben Rhodes —It should be Ben *rides*.

LIBERAL.—Cotton buyers in sampling cotton. (This is funny—but not to the seller.)

PROFITABLE.—The establishment of a ferry between our office and the Post Office.

DON'T—Drink whiskey near a church —See Senate proceedings.

SUBSCRIBE.—To the new Fair Ground Buildings.

LEGISLATURE OF NORTH CAROLINA.

SENATE.

WEDNESDAY, Feb. 19, 1873.

Senate called to order at 10 o'clock, Lieutenant Governor in the chair.

Journal of yesterday read and approved.

Mr. Ellis, of Columbus, introduced a petition from citizens of Columbus county, praying an act to prevent the sale of ardent spirit within one mile of Peacock Store, in said county.

Reports from Standing Committees were submitted by Messrs. Cunningham, Dunham, Love, McCabe and Flemming.

Mr. Dunham, from special committee, on the calendar and adjournment, reported, that having examined the calendar of the two Houses, they thought the Legislature might adjourn at 12 o'clock on Monday, the 3rd of March, providing night sessions be held up to that time, and offered the following resolution:

Resolved, That the General Assembly adjourn on Monday, the 3rd of March, at 12 o'clock M., to re-assemble on the 3rd of Monday in November next.—Adopted.

Mr. Ellis, of Catawba, introduced a bill to incorporate the North Carolina Classes of the Reformed Church of the United States.

Mr. Gudger, a bill to incorporate the John's River Bridge Company.

On motion of Mr. Cunningham the bill, with the amendments from the Committee, authorizing cities and towns of 2,000 inhabitants to establish and maintain public schools was ordered to be printed.

The bill providing for the election of the officers of the General Assembly, and defining the duties of the same, was placed upon its third reading, and, after various amendments were adopted, the bill was tabled.

Mr. Walker offered a petition from the citizens of Rutherford in relation to the Hickory Nut Turnpike Company. Filed with the bill concerning the same.

Mr. Flemming called up bill in favor of the Marion and Asheville Turnpike. Made special order for 11 o'clock tomorrow.

Mr. Powell, under a suspension of the rules, called up bill ordering the printing of the muster roll of 1812. Three hundred copies to be printed and distributed. Adopted.

Harris, col., called up bill allowing persons who may have erected buildings upon public grounds, without injury thereto, to remove the same. Adopted.

Bill relating to the improvement and promotion of the agriculture of the State was considered.

Mr. Norwood offered a substitute therefor to the effect that the State Geologist shall devote so much of his time as he can to the mode or system of agricultural cultivation now in use in the State, and that the Superintendent of Public Instruction be instructed to cause the simple elements of agriculture to be taught in all the public schools of the State.

Mr. Norwood stated that too much attention could not be paid to the agricultural interests of the State. He had desired in the original bill to have canvassers to go in every county and instruct our farmers, and thus seek to improve and properly develope the agricultural and other interests of the State, but the expression of the Senate indicating opposition, he had offered this substitute as a feeble first step towards the attainment of the object he desired.

The substitute was referred to Committee on Immigration, who have in preparation a bill covering the grounds therein stated.

The bill concerning the sale of ardent spirits in various localities was called up and adopted. This bill embraces all the petitions which have been made to prevent the of liquor near churches, school houses, &c. [We shall publish when the bill passes the House, the list of places thus embraced.]

The bill chartering the Great Western Air Line Railway Company came up as special order, to be run from some point near Weldon on the Virginia line to Charlotte, with a capital stock of $5,000,000. Passed second reading.

Epps, colored, introduced a bill to amend the charter of the Scotland Neck and Halifax Railroad Company. Referred.

Mr. Murphy, a bill for the benefit of the North Carolina Deaf and Dumb Asylum. Referred.

Mr. Chamberlain presented a memorial from the citizens of Bertie county, praying that the bill incorporating Coleraine be not granted.

Bill to amend an act referring to administrators and executors, section 66, chapter 113, laws of 1868 and '69. Passed third reading.

Bill revising the act incorporating the Bank of Raleigh—re-anacting the same. Failed to pass its third reading.

On motion of Mr. Flemming, the vote was reconsidered, and the farther consideration of the question postponed until 9 o'clock to-night.

The "Machinery Bill" was made special order for 11 o'clock to-morrow and the same every morning until the bill shall have been disposed of.

The question to reconsider the vote, by which the Constitutional Amendment regarding the Judiciary was lost, was made the special order for Friday at 12 o'clock.

Mr. Dunham moved that 250 additional copies of the report of the committee on Public Charities be printed for distribution. Adopted.

Indefinite leave of absence was granted Mr. Grandy, in consequence of sickness in his family.

Upon motion of Morehead, of Rockingham, leave of absence was granted to Mr. Cowles, to attend as a Director of the Western N. C. Railroad, the review of the decision of Federal Court at Greensboro in relation to the validity of the mortgage bonds on said road.

Adjourned.

NIGHT SESSION.

Senate met at 7½ o'clock, Lieut. Governor in the Chair.

The bill authorizing the Commissioners of Pasquotank to levy a special tax was considered. Tabled.

The bill giving cumulative suffrage to the city of Raleigh in the election of Commissioners was considered. The Committee on Propositions and Grievances reported favorably upon the bill.

Mr. Hill, from same Committee, submitted a minority report adverse to the measure, believing that the majority of the voting population of the city did not wish such a change.

Mr. Norwood favored the bill at some length as one of propriety, the only question being the right of the Legislature to pass such a law. He was of opinion it did have that right.

Harris, col., opposed the bill. He did not think the Senate would pass it upon political grounds. Nor did he think a majority of the tax-paying citizens of Raleigh desired it. He could not see the necessity of the measure, no grievances were complained of, and he could learn of no demand for such a step coming from the people of Raleigh. He was unwilling to try this new experiment, unless he could be shown wherein it would result to the general good of his constituents. If it was to be put upon Raleigh, let it be put upon the whole State. [His remarks were continued at some length, and we would give a full synopsis of both Mr. Norwood's and Harris' remarks, for the information of our city readers, but for the want of space.]

Harris presented a memorial from the citizens of Raleigh praying that this bill do not pass.

Mr. Dunham hoped the bill would pass. He did not think it should be considered as partisan. He referred to the fact that during the discussion of this question in the House last session, when it was given to the city of Wilmington, it received the unqualified support of the Hon. Samuel F. Phillips, who then represented the county of Wake—Mr. Phillips stating that he believed that the principle of cumulation would eventually prove the greatest protection to the colored population of the South, who were so largely in the minority. The speaker believed it would work well wherever applied, and he hoped to see it applied to all the cities and towns in the State if not to the State Government.

Mr. Norwood replied to some of the remarks of the Senator from Wake. He believed that the application of cumulative suffrage to Raleigh would be of great benefit to the city—that the finances of the city would be better managed. She had a debt upon her of $120,000, incurred within the last few years. The cumulative system had worked well wherever it had been applied, and he was in favor of granting the appeal which had been sent up from a large number of tax-paying citizens of the city.

The bill passed its second reading by a vote of yeas 22, nays 11.

Adjourned.

HOUSE OF REPRESENTATIVES.

House called to order at 10 o'clock by Speaker Robinson.

Reading of the Journal dispensed with.

Messrs. Anderson, of Davie, Carter, Wiley and Brown, of Mecklenburg, submitted reports from Standing Committees.

By Mr. Trivett, a bill to provide adequate clerical force in the office of the Secretary of State and that of the Auditor. Referred.

By Mr. Bennett, a bill in reference to the Western Railroad. Referred.

By the same, a bill to amend chapter 113, laws of 1868 and '69. Referred.

By Mr. Dula, a bill to amend chapter 167, laws of 1869 and '70. Referred.

By Mr. Watson, a bill to empower the town of Chapel Hill to collect arrears of taxes. Referred.

By Mr. Sharp, a bill to levy a special tax in Hertford county. Referred.

By Mr. Craige, a bill to transfer certain cases to the Superior Court. Referred.

By Mr. Snead, a bill to authorize the county of Granville to subscribe to the capital stock of the Granville Railroad. Referred.

By Mr. Dula, a bill to validate the sale of certain lands in Wilkes. Referred.

By Mr. Gilmer, a bill to incorporate Flat Rock Camp Meeting Ground. Calendar.

By Mr. Richardson, a bill to repeal that portions of charters of corporations which exempts them from taxation. Referred.

By Mr. Brown, of Mecklenburg, a bill to provide for the enforcement of judgments obtained upon obligations contracted for the purchase of real estate when title has passed. Referred.

By Mr. Patrick, a resolution in regard to the distribution of laws in certain counties. Calendar.

By Mr. Brown, of Mecklenburg, a bill to amend the law relating to attachments.

Mr. Badger, from the Joint Select Committee to examine the Calendar and report a day for adjournment, stated that it would be impossible for the General Assembly to adjourn before the 3rd of next month, and in order to do that, both Houses would have to hold night sessions and work hard.

The consideration of the bill to raise revenue was resumed. The question recurred upon the proviso offered by Mr. Brown on yesterday (published.)

Mr. Stanford would support the proviso if that clause requiring a justified bond was stricken out. He thought that this system would throw the liquor trade in the hands of a few wealthy men and thus discriminate against the poor men.

Mr. Brown, of Mecklenburg, hoped the proviso would pass just as it stood.

Messrs. Morrison and Johnston did not think the revenue bill a suitable place for such legislation. The matter should be in a separate bill.

Mr. Houston did not see the necessity of this proviso, as a bill had passed the Senate covering the whole ground.

Mr. Badger again urged the adoption of the proviso.

Messrs. Brown, of Davidson, and Bean disliked the bond clause, and besides thought the matter should be taken up as a separate proposition.

Mr. Bowman said that with the permission of the House he withdrew that portion of the proviso which relates to minors, as the ground was covered by the provisions of a bill which had passed the Senate.

Mr. Brown, of Mecklenburg, said that after reflection he thought it best that the provisions of the proviso should be brought up in a separate bill.

Williamson, colored, moved an amendment reducing the justified bond from $500 to $100.

Mr. Bennett regretted to oppose the proviso. In Battle's new complication of the laws the provisions of the chapter of the Revised Code in reference to Inns and Ordinaries were retained, and it answered all the purposes of this proviso, &c.

Mr. Bowman was allowed to modify his proviso as he had indicated.

Williamson's amendment was put to a vote and rejected.

The yeas and nays were called and the proviso was voted down—yeas 20, nays 80.

Mr. Badger moved to amend section 26, schedule "B," by striking out "2 per cent." tax on gross receipts of those Insurance Companies who do not invest 50 per cent. of their gross receipts in bond and mortgage in this State, and insert a tax of 5 per cent. The amendment was adopted.

In section 21, schedule "B," Mr. Blackwell offered the following proviso, which was adopted:

Provided, That nothing herein contained shall be so construed as to require a tax to be paid by any person other than merchants and pedlars for bartering cotton, iron, earthenware, yarns, salt and heavy cotton domestics.

[The earthenware exemption was put in on the motion of Mr. Anderson, of Clay, and that of iron by Mr. Bowman.]

After a somewhat lengthy debate upon the numerous amendments offered to the other sections, the bill passed its third reading by a vote of yeas 58, nays 42, and was ordered to be engrossed and sent to the Senate.

On motion of Mr. Bowman, the Senate resolution adjourning at 12 M. Monday, March 3rd, to meet again on the third Monday in November, 1873, was taken up and adopted.

Mr. Jones, of Caldwell, offered a resolution holding sessions every night at 7:30 o'clock.

On motion of Mr. Jones, the rules were suspended and the resolution taken up for consideration.

Pending final action, the House adjourned until 7:30 P. M.

THURSDAY..................FEBRUARY 20, 1873

GEN. GORMAN, GOV. CALDWELL, MR. BADGER, AND THE MILITIA LAW.

On Tuesday, Mr. Gorman, one of the Representatives from Wake county in the House, introduced a bill, to organize, discipline and equip the militia of the State,

We have not seen Mr. Gorman's bill, and therefore cannot speak of its features. We do not hold that the militia laws are perfect, or cannot be amended. But we do say that it is not true, as charged by Gov. Caldwell, that the last Legislature repealed all the effective clauses of the militia law, and we have demonstrated this time and again to the satisfaction of every reasonable man.

We propose to-day to call in Republican authority to sustain us.

It will be remembered that the NEWS, before and during the Summer campaign, urged Gov. Caldwell, with earnest importunity to put his "government machinery" in force, and bring to condign punishment the Lowrey gang of outlaws that were committing high-handed atrocities on the innocent and helpless citizens of Robeson county.

Again and again we reiterated our appeals, which were not the result of a spirit of partizan rancor, or personal malevolence towards the Governor, but the promptings of our common nature.

The Governor did not merely disregard the appeals made to him by ourselves and others in the interest of humanity, but exhibited a contemptuous disdain wholly incompatible with the high functions with which he was empowered, or the fearful responsibility devolving on him as the Chief Magistrate of the Commonwealth. While the shrieks of the victims who fell into the clutches of the Robeson banditti were rending the air, we almost fancied that we heard the shrieks of laughter of his then Accidency and his friends, over a puerile and clumsy joke which he attempted to perpetuate at the expense of ourselves and others who had invoked him to the discharge of a plain duty that his oath of office and the dictates of humanity equally demanded that he should perform.

We endeavored to convince the Governor by argument, after entreaty had failed, and proved, as we thought, that he was clothed with ample powers to capture the outlaws. He was as impervious to our logic as he had been deaf to our importunities. With a stubborn perverseness in keeping with his political interests, he persisted in adhering to the original opinion which he had expressed, viz: that he was powerless to protect the citizens of Robeson county by reason of the emasculation of the militia laws of the State by the Conservative Legislature.

This was the only prop on which Gov. Caldwell then relied in justification of his failure to redress the wrongs of the unfortunate people of Robeson. We clearly demonstrated at the time, that this device was not sufficient to screen the Governor from the censure of all whose eyes were not blinded by prejudice. It is highly probable that Gov. Caldwell thought our strictures on his neglect of duty were too sweeping and uncharitable. We have, however, as he perceives, a complete vindication of our course by the action of some of his political and personal friends in the Legislature, who solemnly and emphatically aver, in their capacity as legislators, that,

"We have governmental machinery adequate, if put VIGOROUSLY IN FORCE, to ARREST ANY OFFENDER against the peace and order of the State."

This language taken from the protest against "blood money," entered on the journal by Mr. Badger and other Republican brethren of Gov. Caldwell, is pointed and comprehensive. It covers the whole ground. It sustains the position we occupied most triumphantly and as effectually knocks the prop from under his Excellency. Messrs. Badger & Co. have not left him a narrow neck of land on which to stand. On the question of his power over the militia, he is garroted by those of his own political faith, and whom we suppose he recognizes as his personal friends. Mr. Badger and the other protestants say:

"*We have governmental machinery adequate, if put vigorously in force, to arrest any offender,*" &c.

Governor Caldwell said he was powerless to arrest Lowrey and his co-offenders because all the effective clauses of the military law had been repealed.

We repeat again, we are sustained by Mr. Badger, who is a clear headed and able lawyer, and the acknowledged leader of the Republican party in the House, and also by seven other Republicans, in our censures of Gov. Caldwell for dereliction of duty in not having afforded protection to the people of Robeson county.

If Mr. Badger was to undertake to write an impartial history of the times when Lowrey was holding his high carnival of crime and blood, he would be constrained to comment in terms of unequivocal condemnation of Governor Caldwell's signal failure to execute the laws relating to the capture of *offenders* against the "peace and order of the State." Indeed, Mr. Badger and his co-protestants, in using the language quoted above, taken from their protest, MAKE A PART OF THE HISTORY of the times, and convict his Excellency of the grossest incompetency in not understanding, or dereliction of duty in not executing, the laws of the the county on an occasion of gravest importance, where no palliation could be urged as a satisfactory plea for official delinquency. The language we quote as a shred of history is a standing memorial against Gov. Caldwell, a complete refutation of his pretext for not having, by the governmental machinery, arrested the OFFENDERS of Robeson, and an ample vindication of the course of the NEWS. It is a solemn record made against his Administration by his political associates, whose protest stands out upon the journals of the General Assembly, conspicuously and pointed against the Governor's position. That is ineffaceable, and will not down record at the Governor's bidding.

A BETTER SPIRIT.

We see daily manifestations of a more liberal spirit on the part of the North towards the South.

We have before referred to the speeches of Farnsworth, Bingham, Willard and B. F. Butler, Republican members of Congress from the North, advocating the repeal of the Act of Congress striking the names of Southern survivors of the war of 1812 from the pension list. Their efforts were successful in the House, and the bill has since passed the Senate restoring the names of the "rebels" who had been deprived of their pensions by Congress, while that body was in an angry mood towards the South. The spirit of the debate in Congress showed very plainly that the Northern Representatives are relaxing their sectional malevolence and spite.

We have strong evidence that the Administration is disposed to deal more leniently with our people than it has heretofore done, in that President Grant has decided to withdraw all the United States troops from the States of North Carolina, South Carolina, Alabama, Kentucky and Tennessee and send them to Utah and other points where their services may be needed. While Federal bayonets are thrust at the throats of the people of the South, it is a menace and an insult which is galling to their pride and honor and argues a want of confidence in their loyalty.

We have before commented on the avowed purpose of the Administration to pardon all the Ku Klux prisoners who may now be incarcerated at Albany and other places.

With all these evidences of a better spirit towards the South, will the House of Representatives of the Legislature of North Carolina hesitate to pass the Amnesty Bill now before that body?

POCKET CHARTERS.

In an editorial on the 8th inst, we suggested that the Legislature should look carefully into the character of the strangers who are lobbying all sorts of Railroad schemes through the Legislature, and asking for extraordinary grants of power.

These schemes are popular, because no appropriations are asked, and everything looks fair and reasonable on the surface.

But we unhesitatingly assert that we have no faith in the individuals who come here without credentials and represent themselves as agents for capitalists and gentlemen of character at a distance. Let them produce their credentials, and convince the Legislature of their ability and readiness to build railroads or to carry out any of their extravagant promises.

We make no attack upon any particular individual, but we think the Representatives of the people cannot be too careful in watching the movements of adventurers and speculators who have no interest in the State, but who are flooding the Legislature with various Railroad projects, asking for extraordinary powers, including banking privileges.

We have no faith that any of these schemes originating with persons unknown to us, strangers in sentiment and aliens in interest, will be consummated by those who originate them. But as no State aid is demanded, the Legislature has granted, with great unanimity, the charters asked for.

We again ask the Representatives of the people to be on their guard against these mysterious Railroad projects.

It is rumored that the charter for the New York, Norfolk and Charleston Railway Company, granted by the Legislature before the recess, *is now offered for sale in New York City*, but we give this only as a rumor, as we cannot trace it to any reliable source.

Certain it is, that Railroad corporations are beginning to exercise great power in several States, and are to some extent controlling legislation. The Southern Security Company and the Pennsylvania Central are gradually extending their lines and augmenting their power, and we cannot be too careful in our efforts to prevent North Carolina from falling a victim to the grasping ambition and greed of foreign corporations.

When our lines of travel are swallowed up by wealthy and overgrown monopolies, our industrial classes will be at the mercy of heartless corporate tyrants, who will use their power for their own emolument and gain and for the consequent oppression and injury of the people.

We are inclined to think that none of the foreign schemes now before the Legislature, have any connection with the Pennsylvania Central or the Southern Security Company, but are *pocket charters*, intended for private speculation and gain by strangers who have made such fair promises to the Legislature, and have used the names of gentlemen of high character in the State to give respectability and influence to their projects.

[From the Hillsboro Recorder.

THE AMNESTY BILL AGAIN.—The NEWS thinks we were rather harsh in our condemnation of our own party who might not unite with us in the support of this measure. Perhaps we were too intolerant of an honest difference of opinion, and forgetful that all cannot view a subject from the same stand-point. But when we know the bitter and uncompromising hostility of the radical party to the measure, and when we hear of the efforts made by a radical Judge to push through measures of vengeance at the sacrifice of peace, harmony and justice, we may be pardoned if feeling was stronger than reason, and that we were prompt to condemn those, who stood ready 'to give aid and comfort to the enemy.'

It is stated that the reporters of the press have been refused access to Stokes since the refusal of a new trial by Judge Boardman. Nevertheless, there is chance for him yet. His counsel have succeeded in obtaining from Judge Davis a writ of error and stay of proceedings, which will allow time for a review by the Supreme Court of the whole case.

A lucky pair of Clevelanders, named respectively Huggert and Kurth, were conjoint holders of the winning ticket in a "Harmonie Society" lottery, whereby they netted $19,900, deducting fines of $50 each for becoming very drunk and disorderly immediately after the drawing.

Mrs. John Flinn, of Catawissa, Pa., on the 6th inst., gave birth to triplets, two girls and one boy. They boy weighed eleven pounds and the girls together weighed thirteen pounds.

Robert Emmet, the oldest son of Thoma Addis Emmet, the Irish patriot, and nephew of the celebrated Robert Emmet, died in Rochelle, N. Y., on Monday.

CENTURY WHISKEY!

Persons in delicate health, often find it difficult to obtain a Pure Stimulant when prescribed by their Physicians, and it is for Druggists and other first-class trade that the

CENTURY WHISKEY

is particularly designed. It is differently prepared from

ANY WHISKEY IN MARKET,

and is driving many old brands out of market, because the "principle upon which it is made is superior."

The almost universal testimony of those who have used the

CENTURY WHISKIES

is, that there is an entire absence of Headaches, and other disagreeable after-effects so often experienced in the use of other brands. This is a direct consequence of the

Purity of the Century Whiskies,

and the impurity of many other brands. They are ABSOLUTELY PURE; four prominent chemists certify to this fact, viz:

Prof. SILLIMAN, State Chemist of Connecticut.

Prof. C. U. SHEPARD, Jr., State Chemist of South Carolina.

Prof. W. C. TILDEN, Washington, D. C.

Prof. JOHN DARBY, New York.

All of whom agree in pronouncing it "without fault," and "free from any deleterious substance whatever."

For sale by first-class dealers everywhere.

YARBOROUGH HOUSE,
Raleigh, N. C., Jan. 22nd, 1873.

I feel no hesitancy in recommending BARTLETT'S PATENT SPRING BED manufactured by JONES & ELLIS, Raleigh, N. C. They are superior to any thing of the kind I have ever seen or used and I feel satisfied that they only need to be tried to be appreciated. We have ordered one lot for use in our Hotel, and have thoroughly tested one on our own bed. Durability, Simplicity, Comfort and Cheapness as well as economy are merits all combined in this Spring Bed.

The "Adjustable Spring Bed" which I have had on trial, I can unhesitatingly recommend to Institutions, where a large number of beds have to be provided, and kept comfortable and in good order.

I think your Spring Beds have every excellency to recommend them to public favor, and I feel sure that no one can use them without being convinced of their utility, comfort and economy—I shall adopt them as far as possible in our Institution.

Very truly yours,
JOHN B. BURRELL.

RALEIGH, N. C., January 8th, 1873.

This certifies that after a fair trial of the Adjustable Spring Beds (Bartlett's Patent) I unhesitatingly pronounce them most comfortable and pleasant, I moreover regard them as very durable, I feel satisfied that after having once used them no one would be willing to be without them.

GOLDSBORO, Wayne County, N. C., November 23rd, 1872.

JOHN H. POWELL, Esq.:

DEAR SIR—The Soluble Sea Island Guano purchased of you this season was used by the side of three others, and has given me more satisfaction than any of the others. The Soluble Sea Island Guano was the one used upon the acre of land upon which my son raised the cotton upon which he took his State premium for the greatest amount of cotton to an acre; and I am informed by the Chairman of the Committee that had he entered for the largest amount of cotton to the acre, premiums open to all ages, he would have also taken that premium, beating all 150 lbs. I am better pleased with it than any other Guano I have ever used on cotton, and I shall use it in preference to others next season for my cotton crop.

T. A. GRANGER.

ALSO EIGHT PREMIUMS AT WAYNE COUNTY FAIR

The Amount of Seed Cotton made on an Acre of Upland by Mr. Granger was Three Thousand Six Hundred and Thirty-three Pounds.

EDGECOMBE COUNTY, N. C., December 12th, 1872.

Messrs. R. W. L. RAISIN & Co., Baltimore:

I bought of Messrs. Branch, Herbert & Co., last Spring, one ton of your Soluble Sea Island Guano for myself and three tons for other parties, and I find them all well pleased with it, and say it is the best Guano, and paid them better than any they ever used. The ton I used myself was put in cotton by the side of two other guanos, and I am willing to say that I should buy the Soluble Sea Island Guano in preference to any that I have used since the war.

Very respectfully,
J. R. GREEN.

SELMA, N. C., November 12th, 1872.

W. H. AVERA, Esq.:

DEAR SIR—The ten bags Soluble Sea Island Guano more than met my expectations I consider it equal to Peruvian for cotton. It paid me over 100 per cent. I. more than doubled the crop. My neighbors who bought it are highly pleased, and will use it in preference to any other when it can be had. Hope you will keep a supply the coming Spring.

Truly yours,
R. HARE.

LOUISBURG, N. C., December 4th, 1872.

E. W. FULLER, Esq.:

DEAR SIR—I tested your Guano this year, and the result is, I will use it on my whole cotton crop next year.

Yours, &c.,
ELLIS MALONE.

HENDERSON, Granville County, N. C., November 29th, 1872.

To S. J. PARHAM:

The Soluble Sea Island Guano purchased of you was used on tobacco and cotton by me by the side of Peruvian Guano, Stonewall & * * * *. I like it much better than either, and I observed a marked difference in favor of the Sea Island. Shall use in the future.

S. S. ROYSTER.

HENDERSON, Granville county.

HENRY BURRELL, Esq., has stated to us that he made a test this present year's tobacco crop, using two other higher-priced guanos, but is convinced that the Soluble Sea Island Guano is the cheapest guano he has ever purchased, and shall use it again.

YANCEYVILLE, Caswell County, N. C. December 6th, 1872.

Captain W. P. ROBINSON,

DEAR SIR—In reply to your inquiry as to how I liked the Sea Island Guano I got of you, I wish to say that I applied it, 200 pounds to the acre, alongside of Peruvian, Pacific Guano and Gilham's Tobacco Fertilizer in equal quantities; it stands the drouth better than either of the above fertilizers. It matured better on the hill and cured better and more yellow than either of the other fertilizers used. I think it is a splendid fertilizer and I expect to use it next season.

Yours, respectfully,
MARCELLUS MIMMS.

WILSON, N. C., January 11th, 1873.

Messrs. HARRISS & BLACKWELL:

GENTS—I used this season, on my cotton crops about 15 tons of your Soluble Sea Island Guano, testing it by the side of Guanape and Vegitator, and up to the time of the heavy washing rains last of June, I was equally pleased with its action as of the Guanape and better pleased than with the Vegitator.

Miss Jeanie Patterson's Readings and Recitations.—A very large and select audience assembled at Masonic Hall last night to hear the readings and recitations of Miss Jeanie Patterson. To say that she was excellent in all her selections would but feebly express the opinion of her hearers. Her beauty, grace and elegance of expression charmed everybody. Her conception of the various pieces rendered was all that the authors themselves could have desired, and evinced histrionic talent of the highest order. The programme consisted of "Extracts from the autobiography of Mrs. Mowatt," "Nothing to Wear," "Jepthah's Daughters," "Caudle Lecture," "Poe's Raven" and "The Conquered Banner." They were all given with an ease and naturalness that won the highest encomiums and most hearty applause from the large audience. The selections were admirable, and displayed to the fullest extent the remarkable abilities of the fair reader. Those present enjoyed an entertainment of the highest literary order, and such as is seldom afforded our citizens.—*Augusta Chronicle and Sentinel.*

Too Thin.—A correspondent has discovered that the standing phrase, "too thin," now so prevalent, is to be found in Shakespeare—as, indeed, might have been expected. King Henry VIII rates Gardiner, Bishop of Winchester, as follows:

> "You were ever good at sudden commendations,
> Bishop of Winchester. But know, I come not
> To hear such flattery now; and, in my presence,
> They are too thin and base to hide offenses."

Symptoms.—Slight pain in the side, the skin and eye assume a thick yellow coat, digestion is impaired, an unpleasant sinking sensation at the pit of the stomach is experienced, the bowels are irregular, the mind fretful, the memory weakened, sometimes a slight cough, coldness of the hands and feet, sometimes loss of appetite, and at others unnatural craving for food, dizziness of the head, depressed spirits, feeling of having left something undone, but can't tell what it is. Take Simmon's Liver Regulator, it will remove unpleasant feels and make you well. 1w.

Affairs in and Around Greensboro, N. C.

Greensboro, N. C., Feb. 19, 1873.

Messrs. Editors:—The North and South Buffaloes have both been on a big swell. They meet about five miles east of this place and create quite a disturbance among farmers.

Greensboro has a colored woman-shoemaker.

Some thief or thieves made a general havoc of things last week. They entered several residences in the absence of the families at the religious revival now in progress at the Methodist church and stole sundry articles, among other valuables, stole a mule from D. D. Gillespie, residing a mile from the city. They sold the mule to a negro, from whom Mr. G. obtained his ani-mule.

A little more snow, a little more rain, a little more *mud!*

> "Music hath charms to sooth a savage,
> To break a rock and split a cabbage:"

As I am penning this notice the serenaders are out making music that is most strikingly beautiful. Music has a tendency to soothe *my* heart when I am troubled, and is a blessed invention.

Colonel J. J. Hickman delivered his temperance lecture in the Methodist church Friday night, according to previous notice. It was a grand oration, elegantly delivered, and impressive, and I can truly say, the best lecture that it has ever been my good fortune to hear. After the lecture, a committee was sent around soliciting the names of those who desired to join the Good Templars, and then the Order repaired to their hall where they initiated 48 persons, increasing their number to 230 members.

An accident occurred last Friday night at the residence of Mrs Scales, in the absence of the family attending Col. Hickman's lecture, which came near resulting in a fire. A chair had been placed by the fire with damp clothes on it to dry, and a little dog lying on the hearth near the chair got too hot, jumped up and knocked the chair over in the fire. A gentleman passing by happened to see it in time to save the destruction of the dwelling.

We have two temperance societies here now, one white Good Templars and one colored society.

The religious revival in the Methodist church here, under the immediate supervision of Mrs. Talbot, the Quaker lady preacher, still continues. This lady has preached now about seventeen sermons successfully. She is a good old lady, and is gifted with much talent, energy, influence and intelligence, for the cause she advocates. Great good has been accomplished since she began preaching, and the sequel will show a deal more good done "in the visitation of the Lord to both the professing Christians and the sinner's souls." There have been up to the present about 75 conversions. Notwithstanding the snow, rain, mud, and the inclemency of the weather generally, there were large congregations assembled nightly in the Methodist church to listen to Mrs. Talbot. It is a pleasure to hear her discourse, and one that many of our citizens availed themselves of. The people have been bountifully blessed in this and neighboring communities, and have a great deal to be thankful of; and the good work is destined to go on.

The last two days have been lovely ones, filling the soul with joy and happiness.

At the regular meeting of the Good Templras Monday night last they initiated 15 more persons. Their number is now 245 members.

Old Uncle Tommy McCracken, aged about 80 years, died Friday night at his residence six miles from town. He was always the subject of much amusement, when visiting town, among the boys, who annoyed him no little.

SPECIAL NOTICES.

Dr. Tutt's Expectorant.—The properties of this elegant preparation are demulcent, nutritive, balsamic, healing and soothing. It braces the nervous system and produces pleasant and refreshing sleep. It exhilarates and relieves gloominess and depression. It is the most valuable Lung Balsam ever offered to sufferers from Pulmonary diseases.

Perryville, Ala., March 3, 1899.

Dr. W. H. Tutt:

Dear Sir—For fifteen years I have been afflicted with Asthma. My suffering has been intense. I have been unable to lay down for a week at a time. It seemed as if I would choke. I coughed incessantly, and my wheezing could be heard all over the house. I had despaired of ever getting well, but thanks to your invaluable Expectorant, my attacks are seldom. I can now rest well at night. I believe it will make a permanent cure.

Truly yours,
Arthur F. McCoy.

Tetter, Salt Rheum and all Skin Diseases cured by Dr. Pierce's Golden Medical Discovery.

The People's Stamp of Value.—The Government indorsement, which legalizes the sale of Plantation Bitters, is not the only stamp affixed to that famous Vegetable Tonic. It bears, in addition to that official sanction, the still more valuable stamp of public approbation. This inestimable voucher of its rare properties as a Tonic, Corrective and Alterative, is of much earlier date than the Government credential; for millions of sick persons had pronounced it the Grand Specific of the Age long before Congress thought of taxing proprietary medicines. It is unnecessary to repeat, in detail, the proprieties of this wonderful Vegetable Invigorant. The best reference that can be offered to those who desire the full particulars of its virtues, is the General Public. Ask those who have tried it as a remedy for dyspepsia, constipation, billiousness, intermittent fevers, nervous debility, rheumatism, sea sickness, low spirits or loss of vital power, what Plantation Bitters has done for them, and be governed by the response they make to your inquiries

Beckwith's Anti-Dyspeptic Pills.—The Hon. James Iredell, late Governor of North Carolina, made the following statement with regard to Beckwith's Pills:

"Dr. Beckwith's Anti-Dyspeptic Pills have been used in my family—which is a large one—with the most beneficial effects. A number of my friends who have been afflicted with dyspepsia and other disorders of the stomach, have spoken to me in strong terms of the relief they experienced from this remedy. Without the evidence I have received from others, my intimate knowledge of the professional and private character of Doctor Beckwith for the last twenty years, justifies me in declaring that he would give no assurances of facts of his own experience, or of professional deductions, of which he was not perfectly confident, in which the public might not safely rely.

Jas. Iredell."

This is strictly a

HOME LIFE COMPANY.

Its Officers and Directors are citizens of the State, of high character for business capacity, enterprise and probity. It offers every

SUBSTANTIAL BENEFIT

that Northern Companies do, with the great additional consideration that the capital is kept within the State, and, therefore, helps to build up and foster Home Institutions.

Another important fact to be considered is, that the Wilmington Live has thus far obtained A VERY MUCH LARGER INTEREST for the money invested at home, than any of the New York Companies receive for their investments, according to their sworn statements before the Commissioner of that State.

These unquestionable facts should commend this Company, above all others, to our people. Let it be born in mind that millions of dollars received for Life premiums have been sent North since the war, which at once drains the South and enriches the plethoric capitalists of the North. If there was no other consideration, safety, fairness and cheapness being equal, why North Carolinians should INSURE AT HOME, this were more than sufficient.

THE WILMINGTON LIFE

has excellent special features.

It places no restriction on Residence or Travel; it makes no extra charge for Female risks; and its Policies are incontestable after Five Years.

Its business is managed economically. Its risks are taken with equal caution. Its investments are made judiciously.

Its motto is:

"ECONOMY, PROMPTNESS, FAIRNESS."

SECOND.

To reduce the actual outlay of its members for their policies to the lowest possible rate. To accomplish this, it allows him to retain from 20 to 30 per cent. of the first premium as a permanent credit or loan, and to retain from each subsequent premium that portion of the previous year's full premium actually proved to be surplus; so that at no time does the Company take from him a higher actual premium than is needed to carry the risk for the year, and provide the reinsurance fund. It is strictly Mutual. Nothing is diverted to stockholders, and each member has his insurance at its exact cost to the Company. Its rate of expense has been from the beginning less than that of other companies.
